Overview

Experienced software developer specializing in React, JavaScript, and Node.js. Focused on delivering high-quality code and creating excellent user experiences.

Professional Experience

FRONT-END DEVELOPER

RadicalX – New York, NY, United States

OCT 2022

– Present

- Built a web application for the Product Development Internship, where companies can create internships.
- Participated in sprints submitting deliverables within clearly set out deadlines
- Implemented features from Figma template designs into interactive user experiences.
- Integrated REST APIs in the web application using Node.js and Firebase
- Attended weekly workshop sessions to improve technical and non-technical skills.

SOFTWARE DEVELOPER

Loglink Logistics Limited – Nairobi, Kenya

MAY 2022

– JUN 2022

- Designed the UX and built the company’s main website to attract new clients from online audiences.
- Collaborated with relevant stakeholders to meet expected goals
- Implemented an email service using MailGun API for potential clients to make inquiries.
