SKILL

React	jQuery
Apollo	MongoDB
GraphQL	Express
JavaScript	JSON APIs
D3	Bootstrap
CSS3	SCSS
Redux	HTML5

EDUCATION

Software Development (Web development)
FreeCodeCamp,

freecodecamp.org

RESUME

Dedicated software developer eager to build robust code for high value/volume companies and learn new programming languages along the way. I believe I would be a great asset for your company/organization and would love to get working with you.

EXPERIENCE

World Bank Graph App

wb-graph-app.netlify.app

This application renders graphical representation of economic data from nations by their regions. The World Bank is the source of the data fetched in this application and also the provider of the APIs used.

- React
- JavaScript
- JSON API
- Bootstrap5
- D3.js
- SCSS
